

STATE OF CONNECTICUT
SUPERIOR COURT

CHAMBERS OF
STEPHEN F. FRAZZINI
JUDGE

January 28, 2015

The Honorable Eric D. Coleman
The Honorable William Tong
Co-Chairs, Judiciary Committee
State Capitol
Hartford, CT

Dear Senator Coleman and Representative Tong:

During my appearance before the Judiciary Committee on January 23, 2015, in response to a question from Representative Fox regarding the Association of Family and Conciliation Courts (AFCC), I indicated I was not a member of the local chapter of the AFCC and noted further that I did not know whether a local chapter of the AFCC had ever even "gotten off the ground."

After the hearing, I wanted to make certain that my statement to the Committee regarding the AFCC was fully accurate. Upon checking my records I found that, in fact, I did make a dues payment to the local chapter of the AFCC in 2012. Since then, I have paid dues only to the national AFCC organization.

I placed a call to the national AFCC in Chicago this morning and was advised that my payment of dues to the national organization has also included membership dues for the Connecticut chapter of AFCC.

I send this letter to you in the interest of full disclosure and to assure you that at no time was it my intent to mislead or deceive the Committee. I apologize that I did not have a better understanding of my membership status at the time the question was posed.

Please let me know, if you require any additional information from me regarding this matter.

Judge Stephen F. Frazzini
